 Here at Four we like it when guys and girls rip out, get weird and go all crazy. We like it even more if you have a camera around to capture your most ridiculous, out of control, sexy, fun, cuddly, zany, spicy, demented, screwball moments while drinking Four. If you're daring enough to submit a photo so provocative, absurd, uncivilized, titillating, uninhibited or fierce that we deem it the "Photo Contest Winner," we'll send you your pick of one of our hot new T-Shirts!

Hi [REDACTED],

We have some new packages that I wanted to see if we could get approved in your system as all our Wisconsin Wholesalers are selling these new products.

Four loko is one of the fastest growing products in the country. I have attached a sell sheet and some competitive data from other areas. Four loko is approved and recommended for many national chains such as 7-11, Circle K, Speedway, Kroger, Hess, Sonoco, etc. All of our Wisconsin wholesalers do very well with this product set and are asking about the approval for Kwik Trip. I believe we have the loko fruit punch set up in your system but I wanted to get our watermelon and other flavors approved. Watermelon is the top selling single serve in the SE region of 7-11. Please see the attached.

Earthquake High Gravity Lager:

This product competes with Steel Reserve but has 12% alc/vol. We are seeing a great response from this product as the budget beer category is very popular and profitable right now.

Please let me know if I need to set up a meeting with you at your office or on the phone to discuss.

Thanks for your time and effort and I look forward to your response.
